- SEWING MACHINE OR NEEDLE AND THREAD
- SCISSORS
- LIGHTER
- PENCIL / TAILOR CHALK

03

Instruction

- 1 PRINT** : Print and attach the pattern to a firm board or piece of cardboard (best: using spray glue).
- 2 MAIN BODY** : Cut out the main body pattern from the fabric.
- 3 FOLD** : Fold the cut fabric along the folding line.
- 4 SEW** : Sew along the sides of the fabric (1), leaving the top edges open. Remember to add the tab!
- 5 CONNECT** : Sew the bottom sides of the fabric (2) together.
- 6 FOLD** : Fold the fabric along the line marked as (3) on the pattern. Then, fold the fabric again along the line marked as (4) on the pattern to create a tunnel inside the stuff sack for the drawstring.
- 7 TUNNEL** : Sew the tunnel along its edge, leaving a small (approximately 15 mm) gap for drawstring. Secure the ends of the sewing!
- 8 CORD** : Use a safety pin to attach it to the end of the cord and pull the cord through the tunnel.
- 9 SECURING THE CORD** : Secure the cord with the stopper.
- 10 TIE THE ENDS** : Tie the ends of the cord together!

PRO TIP : DURING SEWING THE SIDES USE EXTRA BINDING TAPE TO NICELY FINISH THE RAW ENDS OF THE FABRIC.

04

And that's it!

Your OWN UNIQUE stuffsack is now complete!
